Habitat thanks many for their contributions

Habitat for Humanity of Southwest Utah has worked very hard for a dozen years to build 15 homes for deserving, low-income families selected through a rigorous application process.

As we begin our very first home rehabilitation project, we have several businesses and individuals to thank.

We are grateful to The Village Bank for our banking support and generously providing a low-interest loan, which enabled us to create the Habitat ReStore, our home improvement thrift store. JP Excavating has also played an important role by providing a reduced lease in their beautiful facilities. US Bancorp Foundation provided a grant, which will help support Habitat's newest program called "A Brush with Kindness." Prudential St. George Realty continues to support Habitat with their kind contributions. Coldwell Banker Premier Realty makes significant quarterly donations and Associate Broker Rand McCullough made it possible for us to receive a donation from the proceeds of the Iron Man event, and Realtors Michelle Anderson and Debbie Humphries found the bank-owned home in LaVerkin, which we will rehabilitate. HintonBurdick CPA's have also been a longtime friend to Habitat by providing reduced services.

Thanks to the amazing support and generosity of business and individuals like these we are moving ahead in our mission to "eliminate homelessness and substandard housing in Southern Utah" one family at a time.
